Friends:

I hope your year is off to a great start!

I'm excited to be part of an upcoming conference hosted by Coro Southern California. Coro is presenting Technology X Democracy, a one day conference on February 2, 2018 at NationBuilder HQ in DTLA. We have partnered with the Secretary of State, the City Controller and NationBuilder to bring together 200 leading technology innovators, policymakers, scholars, and campaign practitioners to explore the intersection of technology and democracy, and discuss how technology is changing the way people think about—and participate in—democratic society.

Although I unfortunately will be out of town, I would love to have you at the conference as my guest. If you are able to make it, please RSVP by completing this form: https://coro.typeform.com/to/g8Vi7N?

Very much looking forward to the possibility of having you there!

Best,

Jessica
